Extension of Interim Revised Durability Procedures for Light-Duty Vehicles and Light-Duty Trucks

AGENCY: Environmental Protection Agency (EPA).

ACTION: Removal of direct final rule amendments.

SUMMARY: On November 15, 1996, EPA published a direct final rule extending the applicability of durability regulations for light duty vehicles and light duty trucks [61 FR 58618]. This action was published without prior approval because EPA anticipated no adverse comments. Due to the receipt of an adverse comment, EPA is removing the amendments made by the direct final rule and restoring the regulatory text that existed prior to the direct final rule.

EFFECTIVE DATE: March 11, 1997.

FOR FURTHER INFORMATION CONTACT:

Linda Holmes, Environmental Protection Agency, Office of Air and Radiation, (313) 668–4502, 2565 Plymouth Road, Ann Arbor, MI 48105.

SUPPLEMENTARY INFORMATION: On November 15, 1996, EPA published in the Federal Register a direct final rule

extending indefinitely the applicability of durability regulations for light duty vehicles and light duty trucks [61 FR 58618]. The direct final rule was published without prior proposal in the Federal Register with a provision for a thirty day comment period and a statement that if adverse or critical comments were received by this time, the rule would be withdrawn and resubmitted as a proposed rule. Due to the receipt of an adverse comment within the comment period, EPA is removing the amendments made by the direct final rule and is resubmitting those amendments in a separate action published elsewhere in this issue of the Federal Register as a proposal. Because the effective date of the direct final rule was January 14, 1997, the regulatory language which was amended has been changed to read as it did prior to the direct final rule.
